PROHIBITORY METHOD

Both Political Parties Attribute to This Reason

REPUBLICAN LOSSES

Latter Insisted Upon Enforcement of Present Statutes While Democrats Urged Resubmission of Liquor Question.

Portland, Me., Sept. 11.—The result of the election in this state Monday when the Republican plurality for governor, which usually approximates 25,000, was reduced to about 8,000, while at the same time the total vote was greatly increased over the figures of four years ago, is attributed by both the Republican and Democratic parties to the popular feeling over the operation of prohibition liquor laws. Although the Republicans re-elected Governor Cobb, and all four Congressmen, and have working control of the legislature, their pluralities were so generally reduced as to occasion surprise in many quarters.

Both Governor Cobb and Congressman Littlefield, in whose district the most vigorous battle of the campaign was waged, are of the opinion that the Sturgis law, providing for the enforcement of existing prohibitory laws by the state liquor deputies, was the leading factor in the results. The Democrats made the resubmission of liquor prohibitory amendments to the people part of their platform, while the Republicans stood squarely for the endorsement of the prohibitory plan and strict enforcement. The result was evident in the cities, the Democrats carrying all twenty-one municipalities of the state with the exception of four smaller ones. The votes in the country districts, however, where the resubmission idea has never gained any noticeable following, more than offset the Democratic gains in the cities.

In the Second congressional district, where Samuel Gompers, president of the American Federation of Labor, conducted a vigorous campaign in an endeavor to defeat Congressman Littlefield, Mr. Littlefield's majority was reduced from that of four years ago by several thousand votes. The congressman attributes the result, not to the campaign against him, but to the general sentiment regarding the Sturgis law.

WHAT HEARST SAID.

Exact Meaning of the Address He Made Before Committee.

New York, Sept. 11.—Owing to a misunderstanding as to the exact meaning of the address of W. R. Hearst before the Independence League State committee in regard to fusion with the Democratic party, that league's press bureau announces that Mr. Hearst spoke in part as follows:

"Gentlemen: I am opposed, of course, to this proposition that has been submitted, and it has been said there was no one in this hall who favored it. If the Democratic party completed its primaries and elected men who represented the rank and file, and not the Ryan-Belmont interests, and assembled in convention and declared for principles identical with ours and wished then to unite with us and combine against a united opposition. I think we would be unwise to refuse to consider an honest proposal. I think this, not because I am particularly anxious to be elected governor by any sacrifice of principles, but do believe it due the people who followed us and our supporters, to be elected something, some time, and put into practice and practical operations the principles we stand for, not for our benefit, but for the benefit of the people of this country and State. In conclusion I want to say this: There have been several references to a deal here, and I do not think anyone who is suspected of entering into a deal should be a candidate for any office before our convention."

MURDER OF LADY.

Philadelphia, Sept. 11.—Left alone with her infant child in the house in which she occupied rooms, Mrs. Morris K. Lewis, an attractive woman twenty-six years of age, the wife of a traveling salesman, was brutally murdered, and her body with a bullet hole through it was found in a closet. The body bore evidences of a struggle. There is no clue to the murderer.

PIERCE TELLS MUCH.

Gives Some Interesting Testimony In Regard To

OIL COMPANY DOINGS

Chairman of Executive Board Says That by Blunder of an Agent Waters-Pierce Was Ousted From Texas.

St. Louis, Sept. 11.—H. Clay Pierce, chairman of the executive board of Waters-Pierce Oil company, appeared before Judge B. A. Anthony, special supreme court commissioner, at the Southern hotel Monday, as a witness in the ouster proceedings instituted by the state of Missouri, against the Standard, Republic and Winters-Pierce Oil companies.

Former Judge H. S. Priest, Mr. Pierce's personal counsel, conducted the examination in chief. His first question was:

"Do you own any stock in either the Republic Oil company or the Standard Oil company of Indiana?"

"No, and I never have."

"Do any of these companies own any stock in the Waters-Pierce Oil company?"

Pierce consulted a memorandum, which he took from his coat.

"I understand that the shares of stocks standing on its books in the name of M. M. Van Buren have been admitted in this case to belong to the Standard Oil company of New Jersey," he replied.

"Can you state the number of shares?"

"I think it is 2,745."

"How many do you own?"

"Twelve hundred and fifty."

Mr. Pierce described the financing of the Waters-Pierce Oil company, and stated that up to 1900 the business of the company had flourished.

"About that time," he said, "an inexperienced agent of the company in Texas entered into an agreement with the Standard Oil company, which resulted in our being ousted from that state."

I took the matter up with the Texas authorities, and was informed that no Missouri concern controlled by the Standard Oil company, or doing business according to its methods, would be tolerated in that state.

"After the reorganization, until 1900, until the spring of 1904, the Standard Oil company made no attempt to interfere with my control or management of the Waters-Pierce company. At that time the Standard Oil company transferred the 2,745 shares of stock held in my name to M. M. Van Buren, and began in many ways to dictate the policy of the Waters-Pierce Oil company. I protested vigorously against this interference."

LONG TIME CHARGE.

Eugene and William Terrell Arrested and Jailed.

Jackson, Miss., Sept. 11.—Eugene and William Terrell, brothers, were arrested here Monday on a charge of murder committed eleven years ago, and are now in jail awaiting the action of the grand jury.

At the time of the killing for which the Terrells were arrested, a feud of long standing existed between the Terrell and McRea families in the Learned neighborhood, about twenty-three miles southwest of here. They met at church one Sunday morning at Learned, when a free-for-all fight took place July 17, 1895. The McReas started for home about fifteen minutes in advance of the Terrells. About two miles from Learned the Terrells overtook the McReas, and a pitched battle took place, in which Neville McRea was instantly killed, fifteen bullets taking effect in his body, and another of the McReas mortally wounded, dying next day.

About twenty-five persons took part in the shooting, and the father of the Terrells and one or two others were tried for the murders, but acquitted. The grand jury indicted Eugene and William Terrell, who had fled to Texas, and Governor McLaurin offered a reward of \$250 for their arrest and conviction, but all trace of them was lost until last week, when they returned to Learned to visit their relatives. The indictments against them had been quashed at the last term of court at Raymond last year. Monday T. C. McRea came to Jackson and made affidavit against the men, who had boarded the Alabama and Vicksburg train to return to Texas, and a constable made the arrest.

Weak Hearts

Are due to indigestion. Ninety-nine of every
one hundred people who have heart trouble
can remember when it was simple indiges-
tion. It is a scientific fact that all cases of
heart disease, not organic, are not only
traceable to, but are the direct result of in-
digestion. All food taken into the stomach
which fails of perfect digestion ferments and
swells the stomach, puffing it up against the
heart. This interferes with the action of
the heart, and in the course of time that
delicate but vital organ becomes diseased.

Mr. D. Kumble, of Nevada, O., says: "I had stomach
trouble and was in a bad state as I had heart trouble
with it. I took Kodol Dyspepsia Cure for about four
months and it cured me."

Kodol Digests What You Eat

strain and the heart of all pressure.

CONFESSES CRIME.

**Negro Murders a White Fisherman and
Captured by a Posse.**

Memphis, Sept. 11.—An Indianola, Miss., special to the Commercial-
Appeal says: Al Otis, a negro, who Mon-
day murdered S. Sexton, a white fish-
erman, whose home is said to have
been at Greenville, Miss., for the pur-
pose of robbery, was captured by a
posse in an outlying district, and he
confessed his crime.

Feeling against the negro was so in-
tense that no effort was made to bring
him to this place until the local mili-
tary company could be summoned.
Late Monday night he was lodged in
jail, the militia acting as guard about
the jail building to prevent the threat-
ened lynching.

Amnesty Revoked.

Havana, Sept. 11.—President Palma
has revoked the amnesty proclamation.

PLURALITIES REDUCED.

**Cobb and Littlefield Both Receive Less
Number of Votes.**

Portland, Me., Sept. 11.—William T.
Cobb of Rockland, Republican, stand-
ing on a platform devoted almost ex-
clusively to a continuance of the pro-
hibitory law of the state, was re-elected
Monday by a plurality of less than
8,000, with but a few exceptions, the
smallest margin of votes ever given a
Republican governor in the state of
Maine.

Cyrus W. Davis of Waterville, the
Democratic candidate for governor,
polled one of the largest votes in the
history of the party in this state. His
issue in the campaign was the re-sub-
mission of the liquor question, which
was incorporated in the constitution
four years ago.

More interesting from a certain
standpoint was the re-election of Con-
gressman Charles E. Littlefield, Repub-
lican, of the Second district by a great-
ly reduced plurality. Congressman Lit-
tlefield's candidacy was the subject of
bitter opposition on the part of Samuel
Gompers, president of the American
Federation of Labor, who asked for his
defeat on the ground that he had voted
against certain labor measures at the
last session of congress.

The issue between Gompers and Lit-
tlefield was taken up by the Republi-
can congressional committee, and for
three weeks the district was the scene
of a hard fight in which Secretary of
War Taft, Senator Lodge and Senator
Beveridge and several congressmen
were pitted against the head of the
Federation of Labor.

Mr. Littlefield's plurality was esti-
mated Monday night at about 1,000.
Congressman Edwin C. Burlingame of
Augusta, Republican, was re-elected in
the Third district by an estimated plu-
rality of 2,000, and Congressman Pow-
ers of Houlton, Republican, in the
Fourth district, by a plurality esti-
mated at 2,000.

The re-election of Congressman
Ames L. Allen of Alfred, in the First
district, is claimed by the Republican
leaders.

The legislature will be Republican
by a safe margin.

Democrat Carries a County.

Lewiston, Me., Sept. 11.—McGilli-
cuddy, Democrat, carried Androscoggin
county for congress by a vote of 5,616
to 4,274 for Littlefield, Republican.
Littlefield carried the county four years
ago, 5,123 to 4,017.

ALABAMA DEMOCRATS.

**Select a New Executive Committee and
Endorse Bryan.**

Montgomery, Sept. 11.—The Demo-
cratic state convention nominated John
R. Tyson for chief justice of the su-
preme court and John N. Dowdell and
T. C. McClellan for associate justices.
A new executive committee was se-
lected and Hon. H. S. D. Mallory was re-
elected chairman.

The friends of B. B. Comer, nominat-
ed in the primary of Aug. 27 for gov-
ernor, were in complete control, and a
radical change was made in the person-
nel of the committee. Oratory flowed
throughout Monday, and it was not un-
til night that the convention took up
the matter of naming a ticket and
adopting a platform.

The platform adopted makes the fol-
lowing reference to W. J. Bryan:

"We endorse all essential principles
and policies advocated by Democracy's
great leader, W. J. Bryan, and especial-
ly his arraignment of trusts, private
monopolies and abuses of public service
corporations. We proclaim him the
greatest Democrat of our time, and be-
lieve in his overwhelming election as
president of the United States. We en-
dorse him as the standard bearer of our
party in 1908."

"In line with the policies of our lead-
er, we favor the complete control and
regulation of all corporations and the
annihilation of trusts by the national
and state governments acting within
their respective spheres, and demand
the absolute divorcement of railroad
and trust influence from national and
state affairs."

A resolution was offered condemn-
ing government ownership of railroads.
After a lengthy debate the resolution
was killed.

The platform also favors an amend-
ment to the constitution, requiring
United States senators to be elected by
a direct vote of the people.

THROWN IN WELL.

**Miller's Body Was Riddled With Bul-
lets and Neck Broken.**

Culloden, Ga., Sept. 11.—Charles Mil-
ler, twenty years old, was arrested here
charged with an attempted assault on
the twelve-year-old daughter of a
prominent farmer living near here. He
was started to Forsyth in charge of an
officer. When six miles from here he
was overtaken by a crowd of deter-
mined men, who demanded the prison-
er. The officer resisted, but was over-
powered. The negro was taken away,
and in a short time about 100 shots
were heard. His body was found in an
old well. He was riddled with bullets,
and his neck was broken by the fall.

SEALED BIDS.

**These Will Be Invited For the Big Pas-
ture Lands.**

Washington, Sept. 11.—With the ap-
proval of the president and the secre-
tary of the interior the commissioner
of the general land office has decided
to invite sealed bids for the lands com-
prised in the famous big pasture in
Oklahoma, of which there are about
500,000 acres. The instructions are be-
ing prepared, and the details of the
sale will soon be announced. Much in-
terest has been manifested, and spirited
bidding is expected.

Church Struck by Lightning.

Shreveport, Sept. 11.—A severe wind
and rain storm visited Monroe, La.,
Monday afternoon, doing considerable
damage to property and growing cot-
ton. The Presbyterian church was
struck by lightning.

STARTLING STORY.

**Negro Says He Was Forced to Let
Train Hit Him.**

Cuero, Tex., Sept. 11.—The Sam
Houston Flyer, from San Antonio,
Houston flyer, from San Antonio,
Cuero for hospital treatment. Jack-
son has a wool-raising story. He was
porter on the excursion which ran
from San Antonio to Port Lavaca. On
its return trip the excursion train was
on the siding at Landenau and Jack-
son turned the switch and sat down
on a beer keg to wait until the Sam
Houston passed and to turn the switch
and get the excursion train on the
main line again. While in this position
two men armed with guns approached
Jackson and hearing the station whis-
tle of the approaching flyer they with
cocked guns forced Jackson on the
track in front of the train. As the
flyer was upon him Jackson made a
desperate effort to clear the track, but
was caught by the pilot and his left
arm and face badly bruised. He was
then picked up by the San Houston.
He has been sent to San Antonio.

COTTON CROP CONTROL.

**Nine Charters Filed by the Farmers'
Union For Warehouses.**

Austin, Tex., Sept. 11.—As an evi-
dence of the determination of the
Farmers' Union of Texas to control
the cotton crop by storing it until the
price is satisfactory, nine more char-
ters were filed Tuesday in the state
department for construction of cotton
warehouses under supervision of that
organization in different sections of
the state. This makes about 200 of
these corporations which have been
chartered this year.

Judge Sam H. Cowan of Fort Worth,
attorney for the Cattle Raisers' Asso-
ciation of Texas, was here Tuesday
conferring with Attorney General Da-
vidson. Judge Cowan may assist the
state in the prosecution of railroad in-
junction suits now pending in the Fed-
eral court.

MUCH WHEAT BOOKED.

**Four Million Bushels to Leave Galves-
ton Within Few Days.**

Galveston, Tex., Sept. 11.—Four mil-
lion bushels of wheat are booked to
be shipped from port of Galveston dur-
ing the next twenty days. The tem-
porary congestion is due primarily
to washouts on the roads, and the big
rush incident to opening up traffic has
pretty well filled up the yards for a
few days. Things are working smooth-
ly now.

Another cause of the congestion
during which more than 1,000 cars of
wheat were piled up at the elevators
to be unloaded, was because shippers
were afraid to book orders to Europe
pending temporary tie-ups on roads en-
tering Galveston.

FOR MORAL EFFECT.

**This Is Why Troop of Fifth Cavalry
Went to Douglass.**

El Paso, Tex., Sept. 11.—A troop of
the Fifth cavalry reached Douglass,
Ariz., from Fort Huachuca, Ariz. It
was not sent for fear of trouble, but
for the moral effect the soldiers will
have on the Mexicans just prior to
Mexican Independence celebration.
General Torres, the Mexican military
commander, is said to have suggested
the sending of the troops. All of the
more important prisoners arrested at
Douglass in connection with alleged
revolutionary plot were removed to
Tucson.

JUMPS INTO CREEK.

**Wife of An Official of Cooke County
Drowns Herself.**

Gainesville, Tex., Sept. 11.—The
wife of County Public Weigher Piper
committed suicide at 11 o'clock Mon-
day night by jumping into Elm creek
and drowning. The lady was forty
years old and well known. Mr. Piper
has been public weigher ten years.

SNAGBOAT AT WORK.

**Clearing Trinity River of Obstructions
From Liberty to Mouth.**

Liberty, Tex., Sept. 12.—Gen. S.
Mansfield, the Trinity river snagboat,
under command of Capt. E. J. Pat-
erson, started the work of clearing the
river of all obstructions. The Mans-
field will work from here to the mouth
of the Trinity and return, and after
that part of the river is placed in
first-class shape she will work her way
north until she reaches Dallas.

CAMP COUNTY TRAGEDY.

**Jim Dees Shot to Death and Another
Party Confesses.**

Pittsburg, Tex., Sept. 11.—Two miles
west of this place Jim Dees was shot
and killed. M. Buckalow confessed to
the shooting and surrendered. A shot-
gun was the weapon. One load en-
tered the right side and the other
the victim's face. The tragedy was
the culmination of a dispute about the
picking of a cotton crop in which both
were interested. Buckalow claims
self defense.

Faithful to Sunday-School.

Dallas, Tex., Sept. 11.—Riley P.
Randolph, connected with a leading
business house twelve years, is dead,
aged twenty-four years. Mr. Randolph
has not failed a Sabbath to attend the
First Congregational Sunday-school the
past ten years. He was presented a
gold medal by the Sunday-school for
his regular attendance.

Margaret Holliday will have charge
of the woman's ward in the insane
asylum here.
